OUR KEY PRIORITIES - 2015  - READING, WRITING, SPELLING

Each week we are concentrating on reading, writing, punctuation and spelling activities in an endeavour to improve our students' literacy skills.

Our numeracy results over the years have shown to be our strongest learning area. Numeracy continues to be an important part of our core learning.

RESPONSIBLE BEHAVIOUR PLAN

BE SAFE
BE RESPONSIBLE
BE RESPECTFUL
BE A LEARNER

Educational research states it is vital for children to read daily. It is our goal that 100% of our students will read each week night as part of their homework. Prep students need to be read to so that they develop a love of reading. Please read stories to your child. To assist us we require parents to please sign their child’s communication/homework book when you listen to your child read. Our students have come up with some great rewards for achieving 100%. With your support and encouragement I’m sure we can reach our goal.

CYCLONE MARCIA

We were very fortunate to avoid any damage from Cyclone Marcia however, our thoughts are with those schools, students and families affected by the cyclone.

MEET AND GREET

Next Monday we are planning to hold a ‘Meet and Greet’ information session commencing at 3:15pm. We will be able to give you information about how our class rooms have been organised this year and give you an opportunity to ask questions relating to teaching and learning or school operations. It will also be a great opportunity to meet Allison Brinkworth if you have not et done so. We hope you can join us on Monday.

SWIMMING

This week, students in Akata’s class (big pool) are requested to wear everyday clothing over their togs as they will be learning what it feels like to fall into water fully clothed. Please remember to pack your school uniform for the return trip. As we had to cancel our swimming lesson last Friday, we have organised for this makeup lesson to be held on Friday 6th March.

PRINCIPALS’ CONFERENCE

I will be attending a Principals’ Conference in Brisbane tomorrow and Friday. Mrs Brinkworth will be teacher in charge during my absence.

SCIENCE PROJECT

Luke Pietzner reports:

Three weeks into school we started Science. For Science we are growing and experimenting with beans. The beans were supposed to germinate in ten days but they germinated in 24 hours. We think they germinated very quickly because of the heat but when it got really hot the plants that were close to the window dried up and died.

Please remember to pack your school uniform for the return trip. As we had to cancel our swimming lesson last Friday, we have organised for this makeup lesson to be held on Friday 6th March.

PRINCIPALS’ CONFERENCE
I will be attending a Principals’ Conference in Brisbane tomorrow and Friday. Mrs Brinkworth will be teacher in charge during my absence.

Luke Pietzner reports:

Three weeks into school we started Science. For Science we are growing and experimenting with beans. The beans were supposed to germinate in ten days but they germinated in 24 hours. We think they germinated very quickly because of the heat but when it got really hot the plants that were close to the window dried up and died.
OUR KEY PRIORITIES - 2015 - READING, WRITING, SPELLING

Each week we are concentrating on reading, writing, punctuation and spelling activities in an endeavour to improve our students’ literacy skills.

Our numeracy results over the years have shown to be our strongest learning area. Numeracy continues to be an important part of our core learning.

RESPONSIBLE BEHAVIOUR PLAN

BE SAFE
BE RESPONSIBLE
BE RESPECTFUL
BE A LEARNER

Educational research states it is vital for children to read daily. It is our goal that 100% of our students will read each week night as part of their homework. Prep students need to be read to so that they develop a love of reading. Please read stories to your child. To assist us we require parents to please sign their child’s communication/homework book when you listen to your child read. Our students have come up with some great rewards for achieving 100%. With your support and encouragement I’m sure we can reach our goal.

CYCLONE MARCIA

We were very fortunate to avoid any damage from Cyclone Marcia however, our thoughts are with those schools, students and families affected by the cyclone.

MEET AND GREET

Next Monday we are planning to hold a ‘Meet and Greet’ information session commencing at 3:15pm. We will be able to give you information about how our class rooms have been organised this year and give you an opportunity to ask questions relating to teaching and learning or school operations. It will also be a great opportunity to meet Allison Brinkworth if you have not yet done so. We hope you can join us on Monday.

SWIMMING

This week, students in Akata’s class (big pool) are requested to wear everyday clothing over their togs as they will be learning what it feels like to fall into water fully clothed. Please remember to pack your school uniform for the return trip.

As we had to cancel our swimming lesson last Friday, we have organised for this makeup lesson to be held on Friday 6th March.

PRINCIPALS’ CONFERENCE

I will be attending a Principals’ Conference in Brisbane tomorrow and Friday. Mrs Brinkworth will be teacher in charge during my absence.

To assist us we require parents to please sign their child’s communication/homework book when you listen to your child read. Our students have come up with some great rewards for achieving 100%. With your support and encouragement I’m sure we can reach our goal.

CYCLONE MARCIA
We were very fortunate to avoid any damage from Cyclone Marcia however, our thoughts are with those schools, students and families affected by the cyclone.

MEET AND GREET
Next Monday we are planning to hold a ‘Meet and Greet’ information session commencing at 3:15pm. We will be able to give you information about how our class rooms have been organised this year and give you an opportunity to ask questions relating to teaching and learning or school operations. It will also be a great opportunity to meet Allison Brinkworth if you have not et done so. We hope you can join us on Monday.

SWIMMING
This week, students in Akata’s class (big pool) are requested to wear everyday clothing over their togs as they will be learning what it feels like to fall into water fully clothed. Please remember to pack your school uniform for the return trip. As we had to cancel our swimming lesson last Friday, we have organised for this makeup lesson to be held on Friday 6th March.

PRINCIPALS’ CONFERENCE
I will be attending a Principals' Conference in Brisbane tomorrow and Friday. Mrs Brinkworth will be teacher in charge during my absence.

SCIENCE PROJECT

Luke Pietzner reports:

Three weeks into school we started Science. For Science we are growing and experimenting with beans. The beans were supposed to germinate in ten days but they germinated in 24 hours. We think they germinated very quickly because of the heat but when it got really hot the plants that were close to the window dried up and died.
STUDENTS OF THE WEEK

Prep – Year 3  Jake Rowley
Years 4 – 6   Jordon Hindle

OUR KEY PRIORITIES - 2015  - READING, WRITING, SPELLING

Each week we are concentrating on reading, writing, punctuation and spelling activities in an endeavour to improve our students’ literacy skills.

Our numeracy results over the years have shown to be our strongest learning area. Numeracy continues to be an important part of our core learning.

RESPONSIBLE BEHAVIOUR PLAN

BE SAFE
BE RESPONSIBLE
BE RESPECTFUL
BE A LEARNER

Educational research states it is vital for children to read daily. It is our goal that 100% of our students will read each week night as part of their homework. Prep students need to be read to so that they develop a love of reading. Please read stories to your child. To assist us we require parents to please sign their child’s communication/homework book when you listen to your child read. Our students have come up with some great rewards for achieving 100%. With your support and encouragement I’m sure we can reach our goal.
